High School In Japan

April 2018, Two Emirate Students joined Tokai University Takanawa-dai High School in Japan. (Grade 10)

Visit Japan !

The school introduced a "Short-Term Study in Japan" program for Emirati students.

Message from Parents

Dr. Khaled Al Shehhi
(2 sons in School)

I am very happy to see my two sons became polite and disciplined boys and also excellent at Math in Japanese school. If you are thinking enrollment of your child in Japanese kindergarten, I would like to advise you "Don't think about "now", just think about "future", just put your child in it without any hesitation, and then you will be happy in the future just like me."

The graduates are expected to bridge UAE and Japan in the near future !!
